Souvenir Book

ONLY £10

Following the success of the 2017 Tour De Yorkshire race which passed through the Penistone area on Sunday, 30 April, a souvenir book has been published to celebrate the occasion and inspire communities for the 2018 event.

Packed with over 200 images, this 74 page commemorative book contains stunning images taken on the day and during the build up to the event. It includes pictures of riders as they make their way through local towns, villages and landmarks, as well as the street dressing preparations and the In Gear art project with local schools, community groups, businesses and residents. It also includes some augmented reality content, with images that trigger video content such as drone footage of Barnsley's monumental land art.
