

#### Class 4 Home learning Weekly Overview: w/c 11/1/21

Well here we are again. Can you remember these from last year?

It was a real shock for us last Monday. I hope you have seen we were ready for it though! I have been pleased with your response. The maths has been working well and lots of your poems were fantastic.

All the lessons are in sequence for all the subjects. It is important that, if you have missed one, you make sure you go back and keep doing them in order.

We will be using Seesaw to send out a lot of videos to help you. You should be able to do most things without interrupting whoever is looking after you. Send me a message if you are stuck. I try and reply as quickly as possible but obviously I am doing things in school too. If it is taking a while, leave that task until I reply and try another.

Looking forward to the Zoom on Tuesday this week!
