Science

Useful websites to help with this term's science topics on forces and electricity include:

<https://www.bbc.co.uk/bitesize/topics/znmmn39>

For some really informative science videos try:

<https://www.pbs.org/video/science-trek-force-and-motion/>

How you can help

Help with homework. Encourage children to present their work to a high standard.

Homework is set on Thursdays and should be returned by the following Wednesday at the latest.

Children will always have their reading book, spellings and times tables to learn.

They will also receive English and maths homework in the 10-minute tests books.

On the run up to SATs, homework for Y6 will increase.

Topic

This term's topic is The Ancient Maya. It is focused around children using an investigative approach to discovering an ancient civilization. It is supported by the novel 'Middleworld' by J&P Voelkel. Encourage visits to the library/ use of the internet.

Spelling

Spellings are given every Wednesday. The children keep the same objective in home and at school for either 1 or 2 weeks. They will have spellings on spelling frame and their log in is in their reading records.

Another useful website:

Reading

Listen to your child read. Ask questions about the books they have read.

Fiction books:

- What did you think about the beginning of the story? Did it make you want to read more?
- Were you happy with the ending? Can you think of an alternative ending?
- Which part did you enjoy most? Why?
- Did any part of the story surprise you? Why?
- How did you feel when...?
- Which was your favourite character? Why?
- Was there a character that you did not like? Why?
- Can you think of a question that you would like to ask one of the characters?
- Which character would you most like to be?
- How do you think the character felt when...?
- Why do you think that character behaved in that way?
- What clues were there about...?
- Did you expect ... to happen?
- What do you think... thought when...?
- If... could speak when... what would they say?
- How does the illustration on page ... make you feel?

Non-fiction books:

- How helpful was the contents page?
- Did the glossary help you to understand any of the words that you did not understand before?
- Can you tell me one piece of information you have remembered from the book?
- Which illustration did you find most interesting and why?
- Were there any questions that you thought of that weren't answered in the book?
- How helpful were the diagrams/ photographs/captions/tables/statistics?

Encourage your child to use the full range of punctuation in their work:
