How about some SATs revision:

<https://www.bbc.co.uk/bitesize/articles/zrybvk7>

Science

Useful websites to help with this term's science topics include:

<https://www.bbc.co.uk/bitesize/subjects/z2pfb9q>

How about carrying out your own investigations at home? This easy-to-access website has some great ideas to get you started:

<https://www.sciencekids.co.nz/experiment.s.html>

How you can help

Help with homework.

Children will always have their reading book, spellings and times tables to learn.

Written homework is set for Y6 only on Thursdays and should be returned by the following Wednesday at the latest.

Much of the homework this term for Year 6 will focus on preparation for SATs.

Topic

Show an interest in your child's learning.

This term's topic is called The Vikings. We will be taking an enquiry based approach to history, asking why the Vikings came, where did they settle and how they should be remembered. We will be using our geography skills to map how the Vikings travelled around the world.

Encourage visits to the library/ use of the internet.

Spelling

Children are learning the Year 5 and 6 spellings with each objective lasting 2 weeks. A useful website for helping with the learning of spellings using the Look Cover Say Write Check approach is Spellings Checker -

<http://www.crickweb.co.uk/ks2literacy.html>

Reading

Listen to your child read. Ask questions about the books they have read.

Fiction books:

- What did you think about the beginning of the story? Did it make you want to read more?
- Were you happy with the ending? Can you think of an alternative ending?
- Which part did you enjoy most? Why?
- Did any part of the story surprise you? Why?
- How did you feel when...?
- Which was your favourite character? Why?
- Was there a character that you did not like? Why?
- Can you think of a question that you would like to ask one of the characters?
- Which character would you most like to be?
- How do you think the character felt when...?
- Why do you think that character behaved in that way?
- What clues were there about...?
- Did you expect ... to happen?
- What do you think... thought when...?
- If... could speak when... what would they say?
- How does the illustration on page ... make you feel?

Non-fiction books:

- How helpful was the contents page?
- Did the glossary help you to understand any of the words that you did not understand before?
- Can you tell me one piece of information you have remembered from the book?
- Which illustration did you find most interesting and why?
- Were there any questions that you thought of that weren't answered in the book?
- How helpful were the diagrams/ photographs/captions/tables/statistics?

Encourage your child to use the full range of punctuation in their work:
